

Ancora Training

UNLOCK THE POWER OF WORKFORCE DEVELOPMENT

www.ancoratraining.com

Ancora Training delivers scalable, high-impact workforce training solutions for businesses, community colleges, government agencies and large workforce development programs across the nation. With flexible in-person, online and hybrid options, our customizable programs are designed to strengthen skills, boost productivity, and drive measurable outcomes.

BENEFITS FOR BUSINESS PARTNERS

Cost-Effective ROI

- Reduces turnover, downtime, and number of safety incidents
- Boosts employee productivity and operational performance
- Enhances completion rates and job placement outcomes

Time-Saving Deployment

- Seamlessly integrates with your operation
- Flexible scheduling and delivery options minimize operational disruptions
- Simplified program management eliminates your admin burden

Scalable Growth

- Capacity to launch single-site pilots or nationwide rollouts
- Consistent, high-quality delivery across all locations
- Expand as your workforce grows

PEPSICO

Ancora Training implemented and manages Class A CDL, Commercial and Industrial Maintenance Technician, and Diesel Technician training for PepsiCo.

BENEFITS FOR EDUCATION PARTNERS

Cost-Effective ROI

- Enhances student readiness and improves completion rates
- Strengthens job placement outcomes
- Creates clear value for both the institutions and learners

Time-Saving Deployment

- Seamlessly integrates with your school's systems and culture
- Flexible scheduling and delivery options fit into your academic calendar
- Simplified program management alleviates your admin burden

Scalable Growth

- Capacity to launch programs for any size of institution, from a pilot cohort at a single school to multi-state rollouts across several campuses
- SME's deliver consistent, high-quality courses
- Expand as your student base grows

Trained 600 students to earn CDL-A credentials across the Virginia Community College System in our first 18 months.

Scaled Greenville Technical College's CDL program nearly 4x in just 7 months.

Offering Training Programs in the Following Fields

CDL/Transportation

Ancora's CDL programs prepare drivers to meeting growing industry demand through comprehensive training for CDL A and B licenses, along with refresher, safety and endorsement courses and ELDT compliance.

Professional Trades

Ancora's skilled trades programs prepare students for in demand careers in HVAC, industrial maintenance, forklift operation, diesel mechanics, refrigeration, and more.

OSHA and Safety

Ancora's safety training offers OSHA 10 and OSHA 30 certifications, and empowers employees to understand their rights, responsibilities, and protocols for maintaining a safe, productive workplace.

Allied Health

Ancora's Allied Health programs provide hands-on training for administrative staff and pharmacy technicians to manage medical records, understand terminology, and support efficient healthcare operations.

Professional Development

Ancora's soft skills courses build communication, teamwork, and problem-solving abilities, which gives learners a competitive edge. Courses are offered in business leadership, IT, and more.

Applied Technology

Offer your learners a range of tech-focused disciplines for today's technology field, like aerospace manufacturing, wireless, cybersecurity, drones, IT, and web and app development.
